Enter password: Your CNA Account Password.

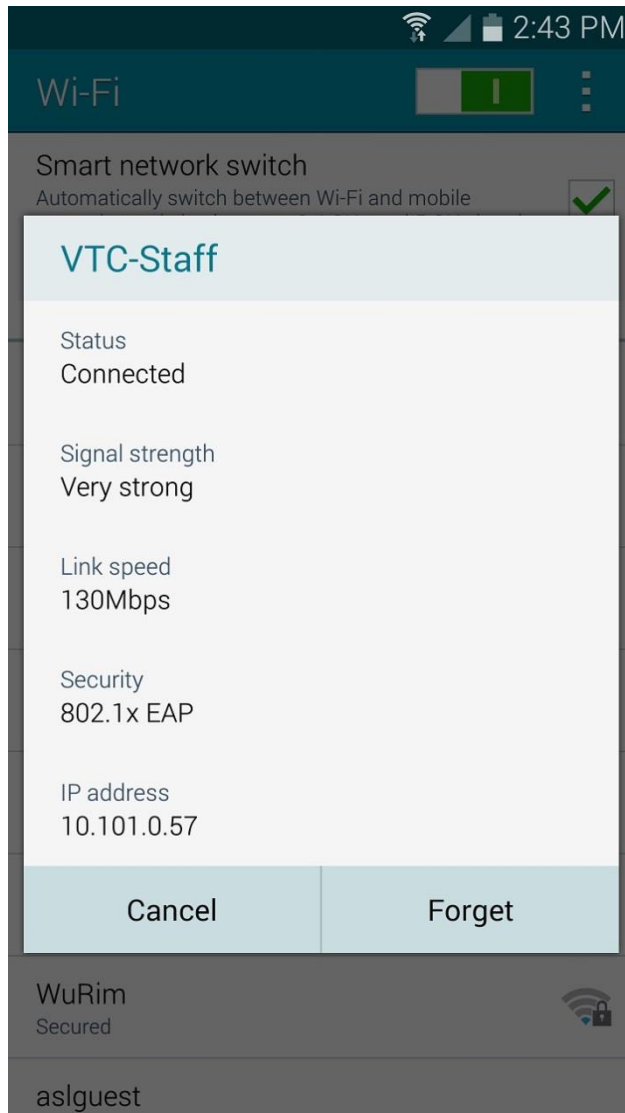

Select Connect

The screenshot shows a mobile application interface for configuring a wireless network. The title bar reads "VTC-Staff". The status bar at the top shows the time as 1:00 PM and various system icons. The configuration fields are as follows:

- EAP method:** A dropdown menu with "PEAP" selected.
- Phase 2 authentication:** A dropdown menu with "MSCHAPV2" selected.
- CA certificate:** A dropdown menu with "(Unspecified)" selected.
- Identity:** A text input field containing "Username".
- Anonymous identity:** An empty text input field.
- Enter password:** A text input field with masked characters ".....".
- Show password:** An unchecked checkbox.
- Show advanced options:** An unchecked checkbox.
- Buttons:** "Cancel" and "Connect" buttons at the bottom.

5. The status of VTC-Staff now changes to Connected

Smart network switch
Automatically switch between Wi-Fi and mobile networks, and also between 2.4 GHz and 5 GHz bands, to maintain a stable Internet connection.
