

Procedure to connect Wi-Fi.HK network for Android

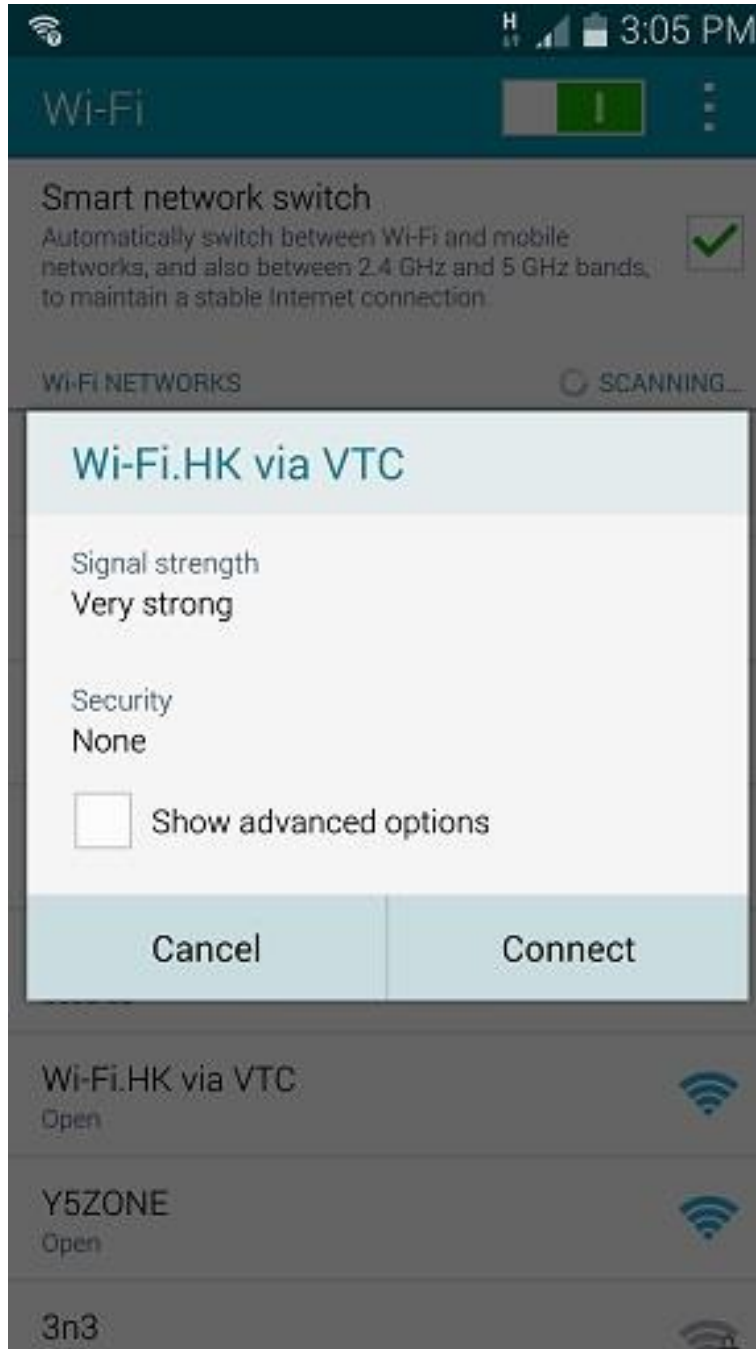

1. In the Settings > Connections > WiFi

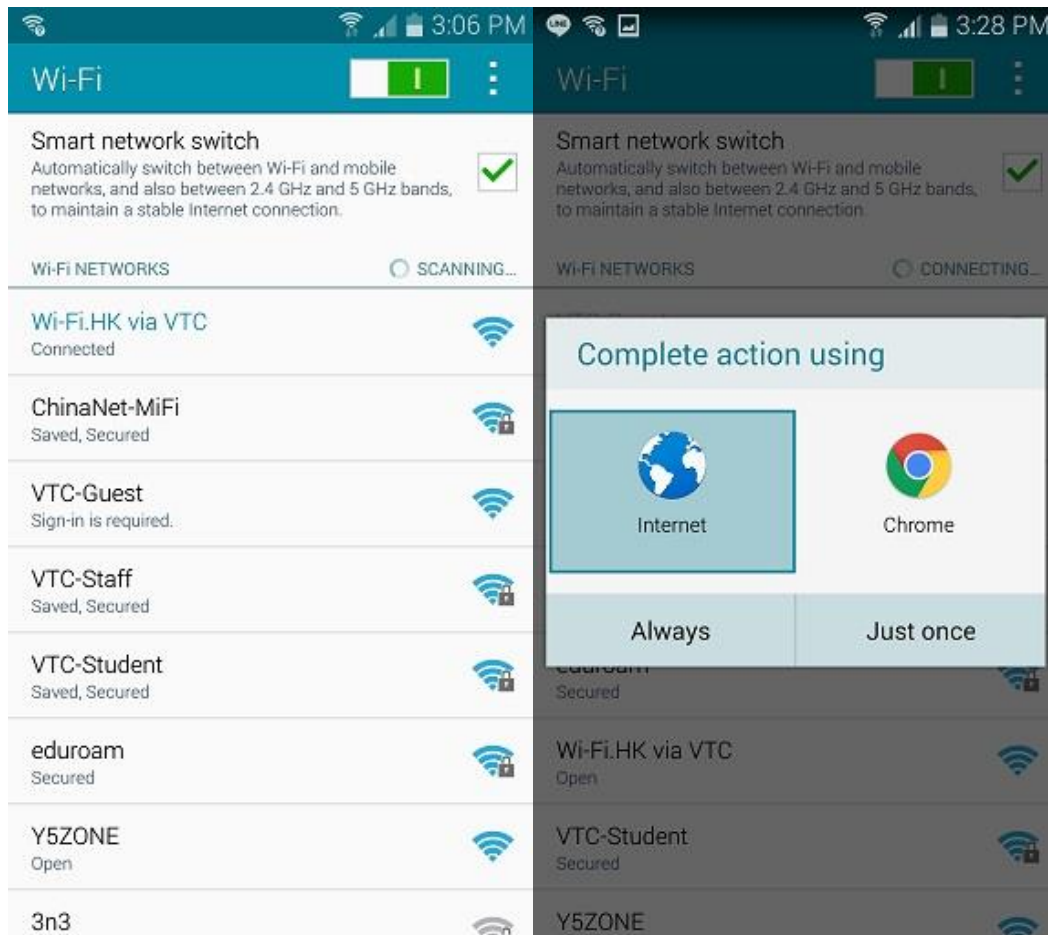

2. Tap the "ON/OFF" to enable the Wi-Fi.

3. Connect Wi-Fi.HK via HK & Connect

- If a Wireless Network Connection confirmation dialog box asks you to confirm "connecting to an unsecured network", click Connect Anyway. A connection status dialog may appear, while a network address is obtained and initial connection established. If the Wireless Network Connection window displays "Connected", you can close this window and proceed to the next procedure.

5. Start a web browser and try to connect to any valid Internet site.
If a security warning for the Subscriber Portal page appears, trust the Subscriber Portal site and do all the actions that are required to continue browsing
At the Wi-Fi.HK Webpage, read the Terms of Use section, click "Agree and Connect" to accept agreement and continue.
